

Create Your Own OzoLaunch Targets

1-3 minutes to complete

You'll need: markers (Ozobot markers recommended), scissors, clear tape

- 1** Fill in each of the four shapes in a solid color: black, blue, red and green.
- 2** Cut along the dotted lines.
- 3** **Tape** each target's corners down onto a smooth playing surface.
Hint: Place targets close for an easy course, or far apart for a challenging one.
- 4** **Open OzoLaunch** in the Ozobot Evo app, and get started!
